SPOUSE OF THE SPIRIT

OREWORD

In producing the 1954 Yearbook
We, the Staff, have tried to combine
Two very dominant notes in our
School life at the Academy.

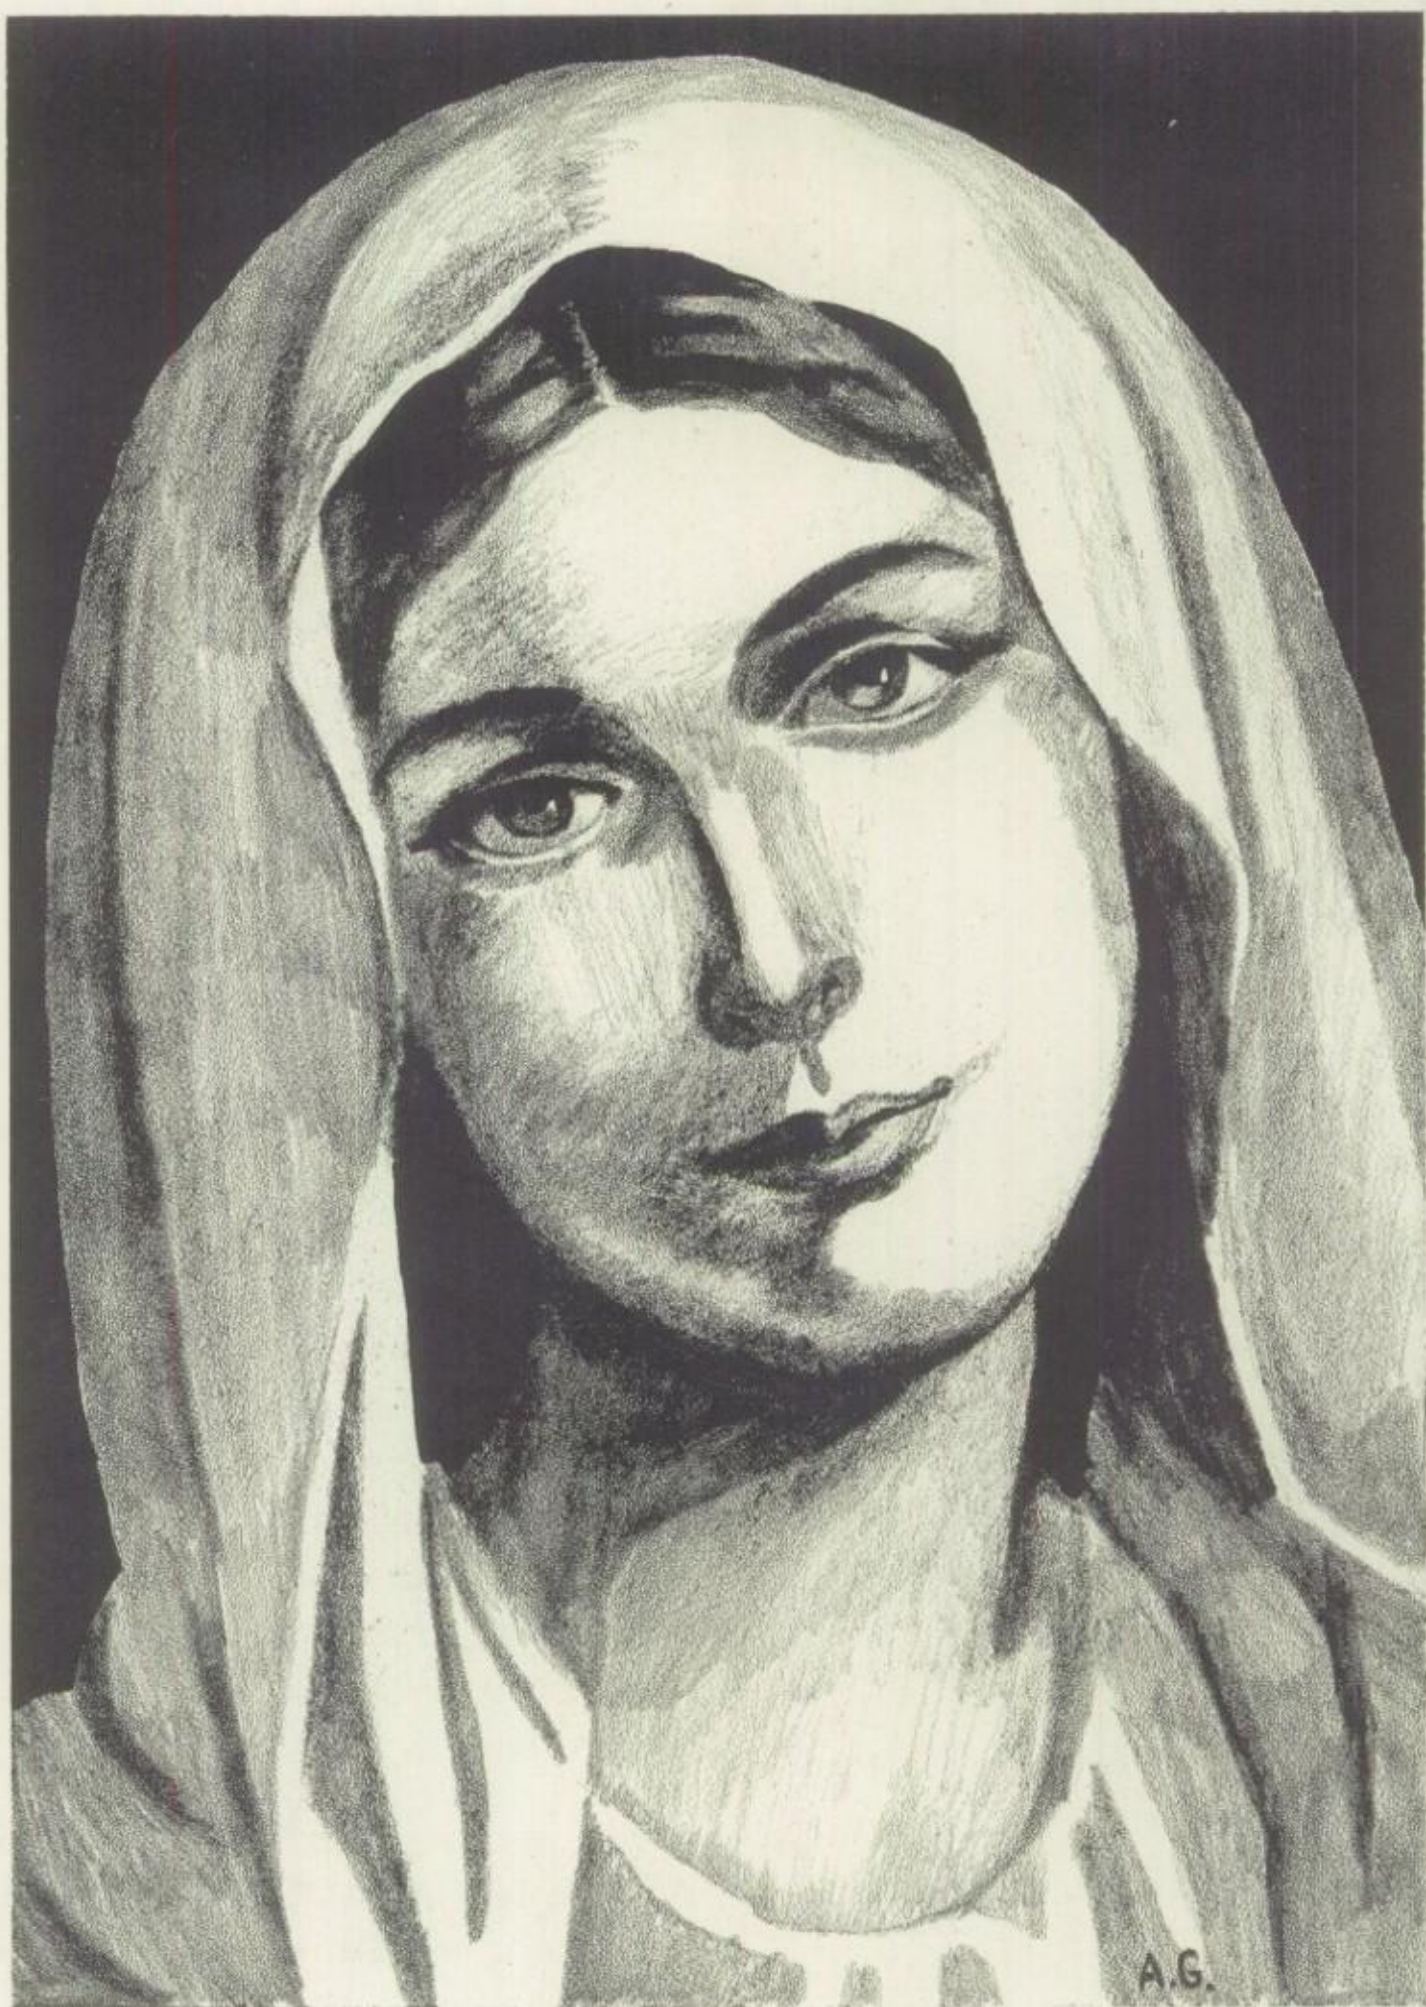

Daily we implore the Holy Ghost
To enrich our lives with **His gift of Wisdom;**
Daily we try to grow in the
Virtues of **Mary.**

No more suitable theme, then,
Could we find for our
Marian Year Crusader
Than this dual devotion.
And here we have tried to show
How, for four happy years,
It has colored the . . .

CONTENTS OF OUR BOOK:

SPOUSE OF THE SPIRIT OF

EDICATION

We, the Graduates of 1954,
Dedicate this book,
And the many hours of labor
Which made it a reality,
To Mary, Spouse of the Holy Ghost—
Begging her to accept it
As our contribution to the
Celebration of the Marian Year.

May it win for us her loving protection
And the sevenfold gifts of Her Spouse,
Particularly, the **Gift of Understanding**
Which will unlock the
Riddles of life as we meet them.

UNDERSTANDING, PRAY FOR US.

HIS EXCELLENCY
THOMAS E. MOLLOY, S.T.D.
Archbishop—Bishop of Brooklyn

"After the Holy Spirit had come upon her, Mary with a sense of fitness and of gratitude conscientiously cultivated an inner spirit of prayer, reverence, obedience and humility.

Undoubtedly she realized that God in the Person of Christ had come not only to her but also through her to every human being. She recognized her mission to bring the graces and blessings of her Divine Son to all the souls redeemed by Him for as St. Bernard says: 'All graces come to us from God but they pass through the Hands of Mary'."

HIS EXCELLENCY
RAYMOND A. KEARNEY, S.T.D.
Auxiliary Bishop of Brooklyn

"May this Year of Mary be all that Our Holy Father Pope Pius XII yearns that it be—may it accomplish what our loving Mother Mary wishes it to accomplish—may it be a year of renewal of devotion to her, a year of prayer, a year of release of souls from Purgatory through the prodigality of Indulgences applicable to them, a year of peace, when the mother of the Prince of Peace may obtain lasting peace for our troubled world."

HIS EXCELLENCY
JOHN J. BOARDMAN, D.D.
Auxiliary Bishop of Brooklyn

"Throughout the Christian era, no one has been given a higher place in the reverence, respect, and affection of men than that accorded to Her who by Divine prerogative was conceived without sin and predestined from the beginning to be the Mother of the Most High.

May the prayers of Her children during this Marian Year draw us all more closely to Her, unite in peace the nations of the earth, and return all men to the feet of Her Divine Son."

PROCLAMATION OF HIS HOLINESS

... of a Marian Year to commemorate, by the granting of special indulgences and the conducting of various devotions such as conferences, retreats, sermons, and pilgrimages, the promulgation of the dogma of the Immaculate Conception by His Holiness, Pius IX in 1854. •

SPOUSE OF THE SPIRIT

ENIORS

Each decision we make
Opens a door, admitting us
Into a new world
From which there is no return.

To follow the right path
Is the grace we Seniors implore
From Mary, our Mother.
We beg her to send us
The **Spirit of Counsel**,
That as we go from here
We shall ever choose the surest way
Of pleasing God and opening, at last,
The golden door which leads us
Into the eternal world
From which, thank God,
There is no return.

OF FORTITUDE, PRAY FOR US.

C. L. S. AWARDS, determined by a combined vote of faculty and Seniors, form a distinctive part of each graduation ceremony. The initials stand for those three traits of Character, Loyalty, and Spirit of Study, deemed necessary not only in school but in the successful living of a Christian life. The recipients have given evidence of these characteristics all through their high school careers.

THE LEO HONOR SOCIETY is diocesan in scope. Based on a quota system, new members are admitted at the end of each year. They are chosen as those students whose superior scholastic achievements and practical Catholicity mark them as potential leaders in the Christian social sphere.

Front: M. Haase, E. Livoti, M. Coyle, P. Dahlinger, R. Tolle. Standing: B. Carey, R. Keating, M. Donohue, A. Wenderoth, B. Quinn, R. Zummo, J. Griffin.

"Deriving their Just Powers..."

To foster basic ideals and to coordinate school life, the Student Council exists as our organ of student government. Comprised of three G. O. officers plus all activity and class presidents, its membership is an exhibition of practical democracy. Moreover, discussion of pertinent school issues and the presentation of suggestions make up the chief work of the Council. In the application and development of its program, the Council is guided by an appointed faculty adviser. Thus, the body pursues its highest goal — the cultivation of traditional Catholic leadership to aid a spiritually impoverished world.

On this auspicious occasion . . .

They didn't "Panic" once!

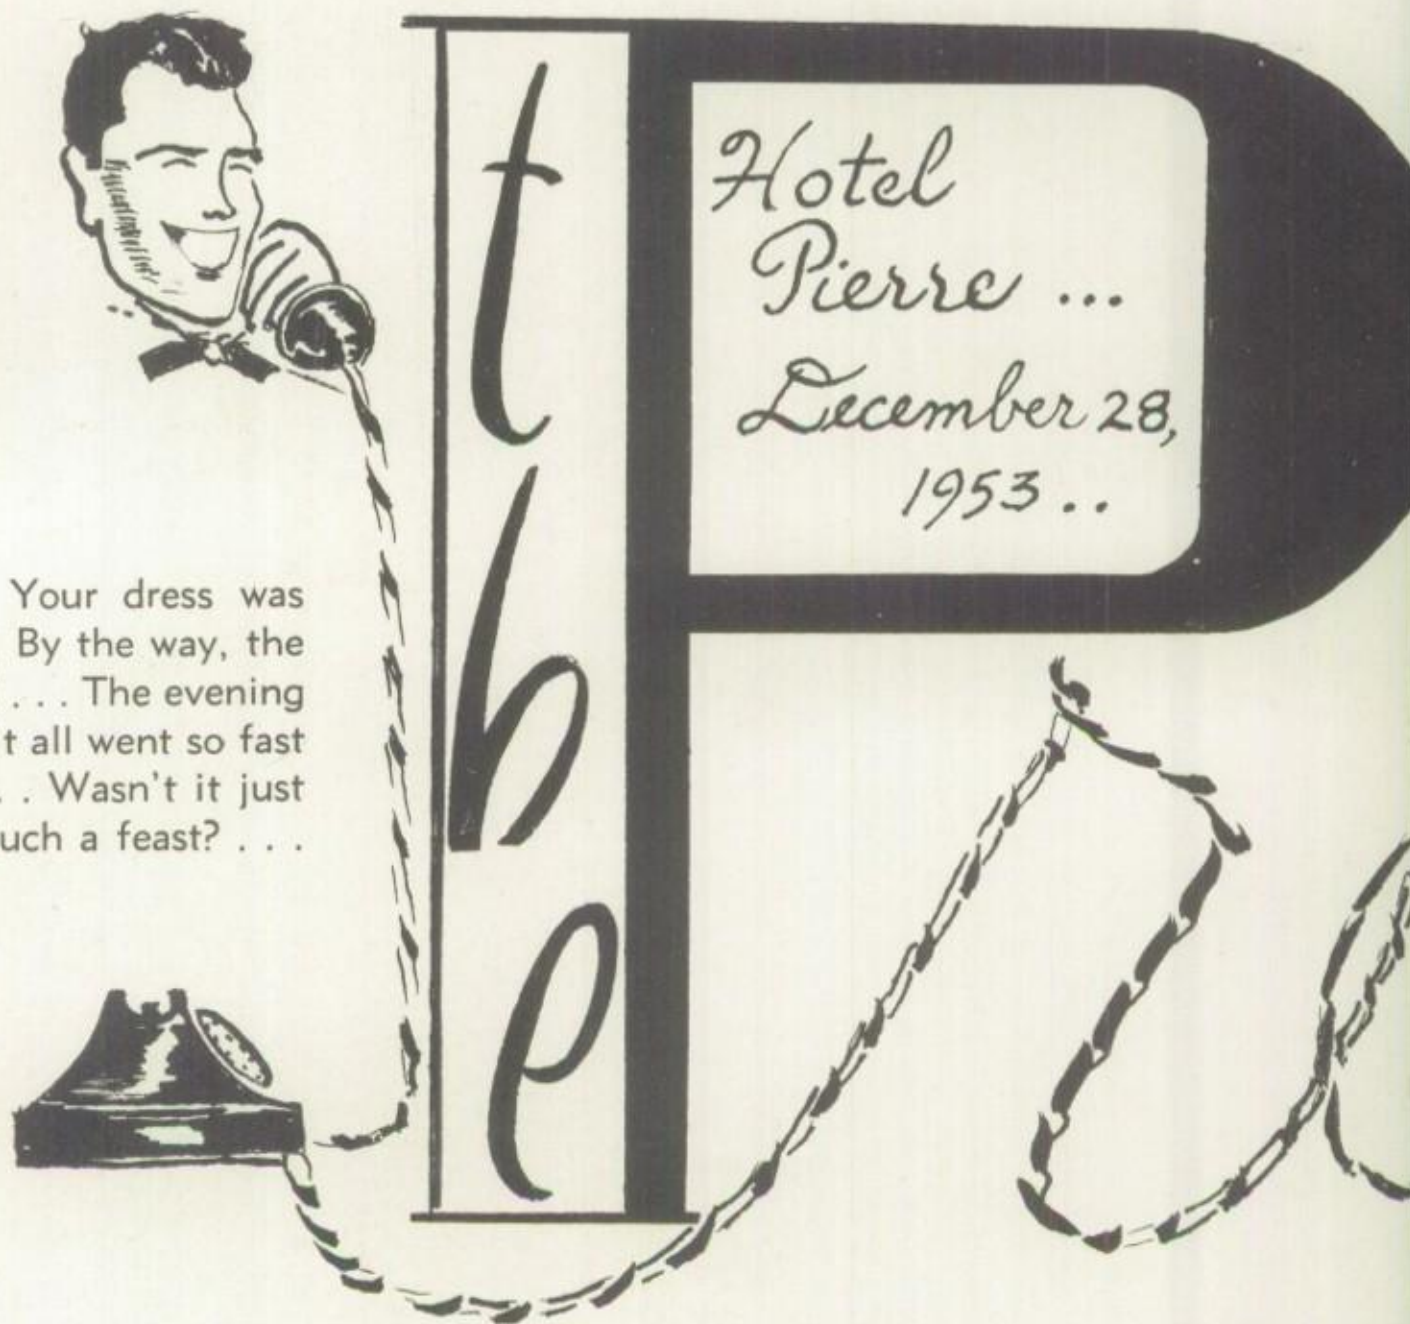

It's almost eight o'clock

We can't believe it . . .

"Sue, you were a picture. Your dress was such a lovely shade of blue . . . By the way, the party before the Prom was great! . . . The evening was over before we knew it . . . It all went so fast . . . and that breakfast party! . . . Wasn't it just like Carol's mother to prepare such a feast? . . . You know, we were all so tired and hungry . . . and we ate and laughed and sang . . . It really was a great event. Everybody enjoyed themselves, including ME!"

Joan accepts with pleasure . . .

"Our night of nights has come and gone, but the memories will stay with us for a long time. Gosh, Jack, thank you for a wonderful time. The whole evening went as planned . . .

oh yes, the flowers were beautiful . . . and wasn't the music perfect? The "Moonlight Mist" was such an appropriate title and in The Grand Ballroom of the Hotel Pierre, it was perfect. Sister Nazaretta and the Committee must have worked extra hard in selecting the dances for the evening. All the girls looked stunning . . . such a change from the schoolgirl of T.M.L.A. All I can say is, 'It was FABULOUS!'"

The officers of this society are the President, Vice President and Secretary-Treasurer of the G. O. and they, with the aid of the class presidents and the activity chairmen spread the ideals of a student democracy. Under their leadership loyalty to the school's standards and traditions is more firmly inculcated. Theirs is the task of intelligently and sympathetically solving the problems of an individual, as well as those of the entire school. Through the constant, patient work of the Student Council, combined with the earnestness of the student body, a democratic form of student government is successfully carried on.

SPOUSE OF THE SPIRIT

SCHOOL LIFE

To develop character
Is one of the primary aims of
Our School Life.

The Holy Ghost
With His strengthening **Spirit of Fortitude**
Helps us in this development.

To obtain this assistance let us
Begin, carry on, and end
Every word, deed, and action
With a prayer to Our Lady,
Spouse of the Holy Ghost,
That we may be given
The necessary courage to persevere
In our quest of sanctity.

OF COUNSEL, PRAY FOR US.

Coming In— . . . "And the Saints come marching in" . . .

—Leading the Morning Offering.

Ad Majorem Dei Gloriam.

The steep hill, a veritable sea of white berets, the youthful, smiling faces, a gate thrown wide, a busy foyer, a crowded gymnasium, the banging of lockers, the filling of classrooms—such is the picture a camera in the early morning at Mary Louis would record. It would not catch the sound of a bell, but it would, the immediate action following: a girl at a microphone, a class standing with folded hands.

Over the public address system comes the order: "An officer of each class will please stand at the door!" As the class president of each official room takes her place, over the whole school a hush falls and a new session opens.

To God and country we dedicate our day at the Mary Louis. The prayers of the student body led by our President and student leaders offer the work, joys and sufferings of each day to "Jesus through the Immaculate Heart of Mary". Following immediately in forceful tones eight hundred seventy young women pledge allegiance to the stars and stripes and the republic for which they stand. Thus, we begin our day as students of a Catholic Academy.

Prayers—"I Believe".

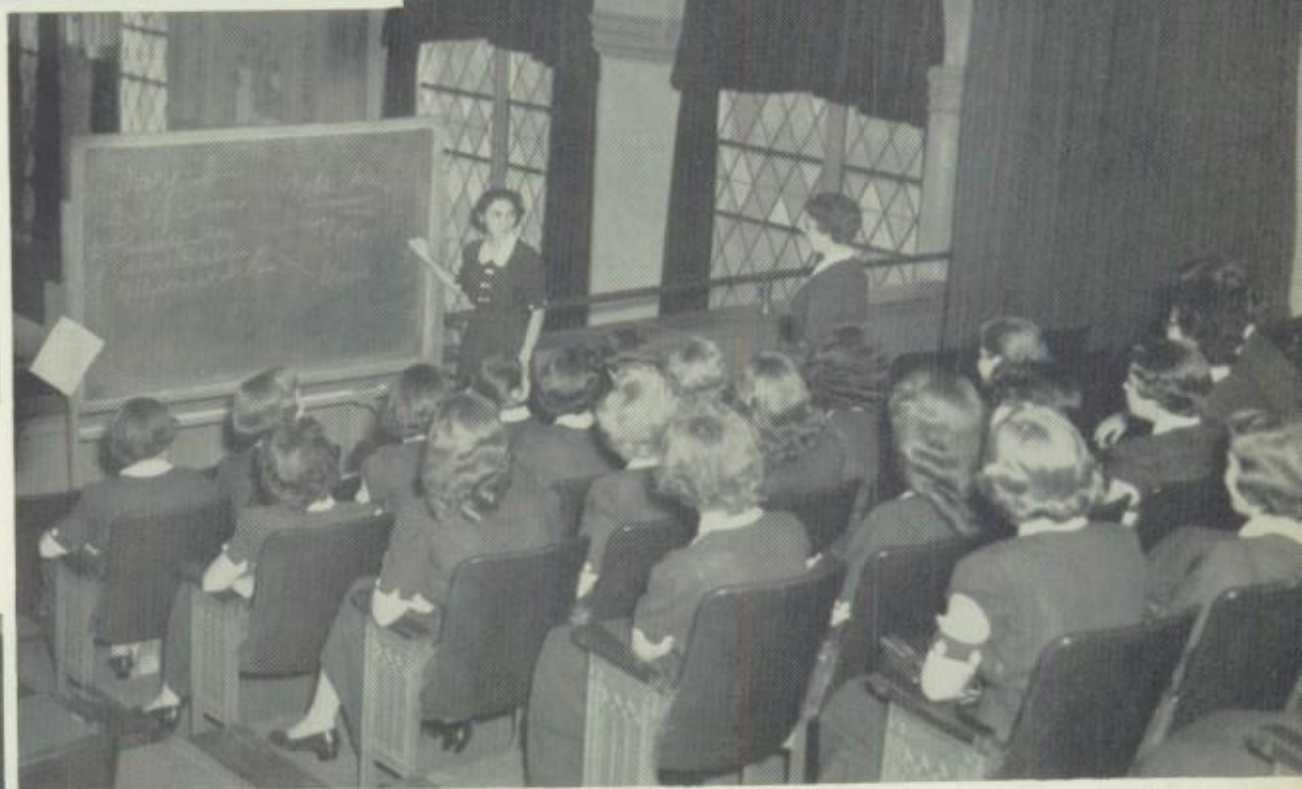

Pledge—for "one nation indivisible, with liberty and justice for all."

Religion—"Faith of our Fathers, living still."

with Mary as Guide...

Logic—Is this a "silly-gism"?

As the film rolls, the camera's eye spies on our classes: one of Religion which over a four-year period embraces doctrine, practice, Scripture and Church History, thus furnishing the students with all the reasons for the faith that is within them; and, one of Logic taught by a Passionist priest in which our diligent seniors prove that the female mind can actually reason.

An English class is next under observation. Tressler's grammar books; one, two, three, and four occupy a treasured corner in the desk of every Marielite. The literature of our own beloved America and of England are unraveled before the eyes of our students. A four year course in our language can but serve as an introduction to the wealth that is to be ours through life, yet it is a period most profitable and most loved by all.

Two years in the life of every Mary Louis girl are spent in the company of Caesar. And so, vicariously, we march through Gaul and conquer the world. Those who persevere for another year as companions to Cicero are rewarded by their possession of a broadened background which is a rock to build upon and a joy to possess.

The art appreciation, special art and interior design classes add to the culture assimilated by Marielites. There is offered also a year of music appreciation and two or three more of choral in which classic and contemporary choir arrangements, as well as most of Saint Gregory's Hymnal, are studied by those who will always be part of an audience as well as those whose voices will entertain.

English—Letter Perfect!

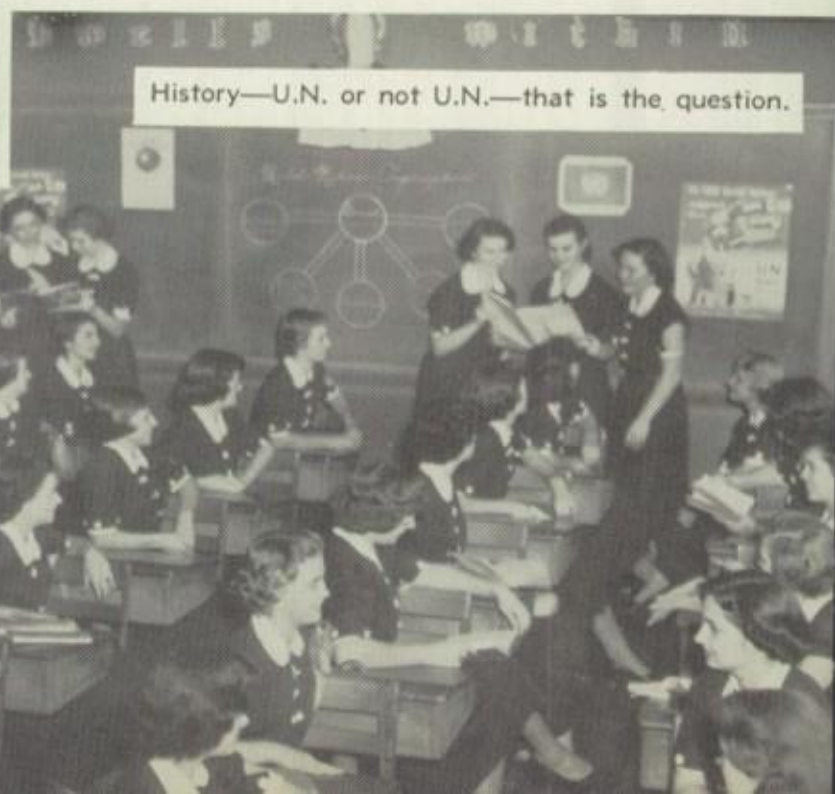

Latin—Veni, vidi, vici.

Art Appreciation—Building a dream house.

... We Pursue Our

"Say Cheese," is heard next as we are photographed in the history department where our camera finds every Mary Louis student at one time of the day or another. The world and its problems occupy our Freshmen and Sophomores, while America and its world problems concern our Juniors and Seniors.

History—U.N. or not U.N.—that is the question.

French—Vive La France.

German—Was is't das? . . .
The German Class, of course!

Spanish—"Vaya Con Dios," Amigos.

... Studies All Day

Typing— Pick and peck.

This age of machinery sees the ability to operate a typewriter to be as essential a quality as the ability to operate a gas range. Mary Louis meets this need in its typing class for seniors where the girls vent excess energy on a keyboard and acquire some utilitarian education at the same time.

Freshmen and voluminous biology books are inseparable companions. During the year, the life processes of created objects from the twig to rational, spiritual man are transferred from the printed pages of those blue burdens to the minds of our students.

... that the Gifts of

As proof, however, that the gas range is not neglected, the camera might catch some Mary Louis culinary artists at work in the home economics department located in the east wing of the convent. The sewing machine is mastered and the electric mixer and vacuum cleaner become no longer mysterious objects to embryo housekeepers.

Biology—So this is what makes us tick!

Supply Room—"Ye Olde Paraphernalia Shoppe."

A trip to the supply room on the third floor replenishes the depleted equipment of our budding geniuses. Loose leaf, compasses, chemistry stencils, rosaries, rulers and blue and gold ribbon are among our best sellers.

Freshmen discover in elementary algebra that a simple "x" or "y" can be interpreted as a most complicated brain twister. A "proposition" to a sophomore has nothing to do with business. Or has it? Euclid continually "gives the business" to our sophomore geometry classes. This year sees a sharpening of the mind and a quickening of the young lady's reasoning powers. Junior and senior years bring intermediate algebra and, if the student chooses, either advanced algebra or trigonometry. Thus, each day the mathematics students discover the wonders of the human mind and its inadequacy, at the same time as it reaches for the Infinite.

Mathematics—Putting 2 & 2 together, we get 22?

... the Holy Spirit

The camera, next in the physics lab, busily snaps pictures. Light and sound are explored here — sound being of special interest to all who have ever been juniors (since most of it was and is attributed to them). The mysterious realm of electricity is explored and density, gravity, and motion are defined and present themselves in the form of neat little problems.

Physics—The Light dawns.

Gym classes bring our athletic talents or at least, our willingness to try, into the spotlight. Once a week each student gets her chance at a basketball, softball, tennis ball, volley-ball, or a badminton "bird". Calisthenics, square dancing, and the latest novelty dance steps are also attempted by all. A favorite gym period is always one centered around the diligent studying of a calorie chart and the ever popular topic, how to eat and lose weight.

Gym—Exercises, exercises, we must do our exercises.

The pictures taken in De Chantal Hall at the Angelus hour are among those most treasured by Marielites, past and present, especially those of freshmen entertaining at their lunch period on initiation day, and of the seniors cutting their farewell cake on the last day of school. Those pictures of the birthday and holiday parties, of the cakes and potato salad, or of just any day with four good friends at table E-1 or C-6 discussing the day's events, will in future recall some of the happiest moments spent at school.

Lunch—"Eat, drink and be merry."

Chemistry—Nitrogen + Glycerine=Boom.

... May So Develop Our Hearts

Home Nursing—Operation X.

Dancing—Waltz 2-3, waltz 2-3.

Library—Words, words, words—of wisdom?

Our senior chemists experiment in their third floor lab, a well equipped room which no underclassmen dare invade. The course includes a complete introduction to the science. Our students dabble in shelves and shelves of chemicals and have many heated discussions about the latest developments and theories. Every period brings a deeper admiration for the greatness of this science and a fuller appreciation of the Master Chemist.

For the fulfillment in tomorrow's women, of their great vocation to love and care for others, some practical training is required. One phase of such a training the Mary Louis girl may acquire in the proffered home nursing course. In a capping ceremony at the completion of the term our "student nurses" receive an endorsement from the American Red Cross which certifies that they are efficient in the administering of First Aid.

Among the social graces to be sought, dancing ranks high. Therefore, armed with white gloves and the will to learn, Marielites line up before a well qualified dancing professor to "trip the light fantastic". The camera might snap Freshmen at a graceful Viennese waltz or a Foxtrot; Sophomores, at a Rhumba or Samba; Juniors, at any domestic or imported interpretation of a rhythm step; and Seniors, at anything from a Charleston to the exhibition Senior Waltz.

There is hardly a room more loved by Marielites than the library which acts as a measure of maturity of intellect and of tastes and, as such, is sort of a permanent "home room" watching the career of the Mary Louis girl. It sees her through Library Science, through book reports and term papers, through research for classes, work for essay competitions, pleasure reading and required reading and the State College Scholarship Examination, just before or even after graduation.

Room 218—the "Fate of the Nation."

Room 218, office of the School Bursar and of the Prefect of Discipline, home of tuition bills and coupons, sees pass through its portals the happy and the sad, the student workers and those who would prefer to be such. From here come volumes of cards and mimeographed sheets in the form of programs, Student Service League posts, examination schedules, Student Government rules and C.L.S. lists.

The camera finds some very busy young women as it shoots photos in a scholarship class. Here our seniors are to be found behind mountains of catalogues and brochures, while applications by the score are issued and filled out, and an information bureau on the possibility of scholarships is maintained.

Refresher courses are part of this class set-up, also. Questions in biology, algebra, geometry, art and music are found in the state scholarship test and the subject matter for these covered in the earlier years of high school need to be reviewed.

Waiting on line is a frequent occurrence in the school day of a Marielite. One such line is to be found on the second floor in front of the student telephone, a handy invention, through which much important business is conducted. Another group might be found lining up at the door of the book room, from whence issue volumes of wisdom, theirs for the taking.

The best on the market are provided and the latest. The new religion book—the new history—the Catholic University series of literature texts—separate editions of the classics—every conceivable kind of aid and workbook—all for the mere writing of a requisition slip, since all book fees are included in the ninety-dollar a term tuition. From the book room too can be borrowed such things as film strips for the visual aid machines, maps, charts, the portable radio-victrola and the voice recording equipment.

Scholarship—"The Idea of a University."

Telephone—Dial "M" for Mother.

Book Room—The ladder of success.

Vocational Guidance—the Road to Happiness.

Study—"Dream Children"—quiet as Lambs.

Lockers—Knock, knock.

... that We May Be Worthy of Our Catholic Heritage.

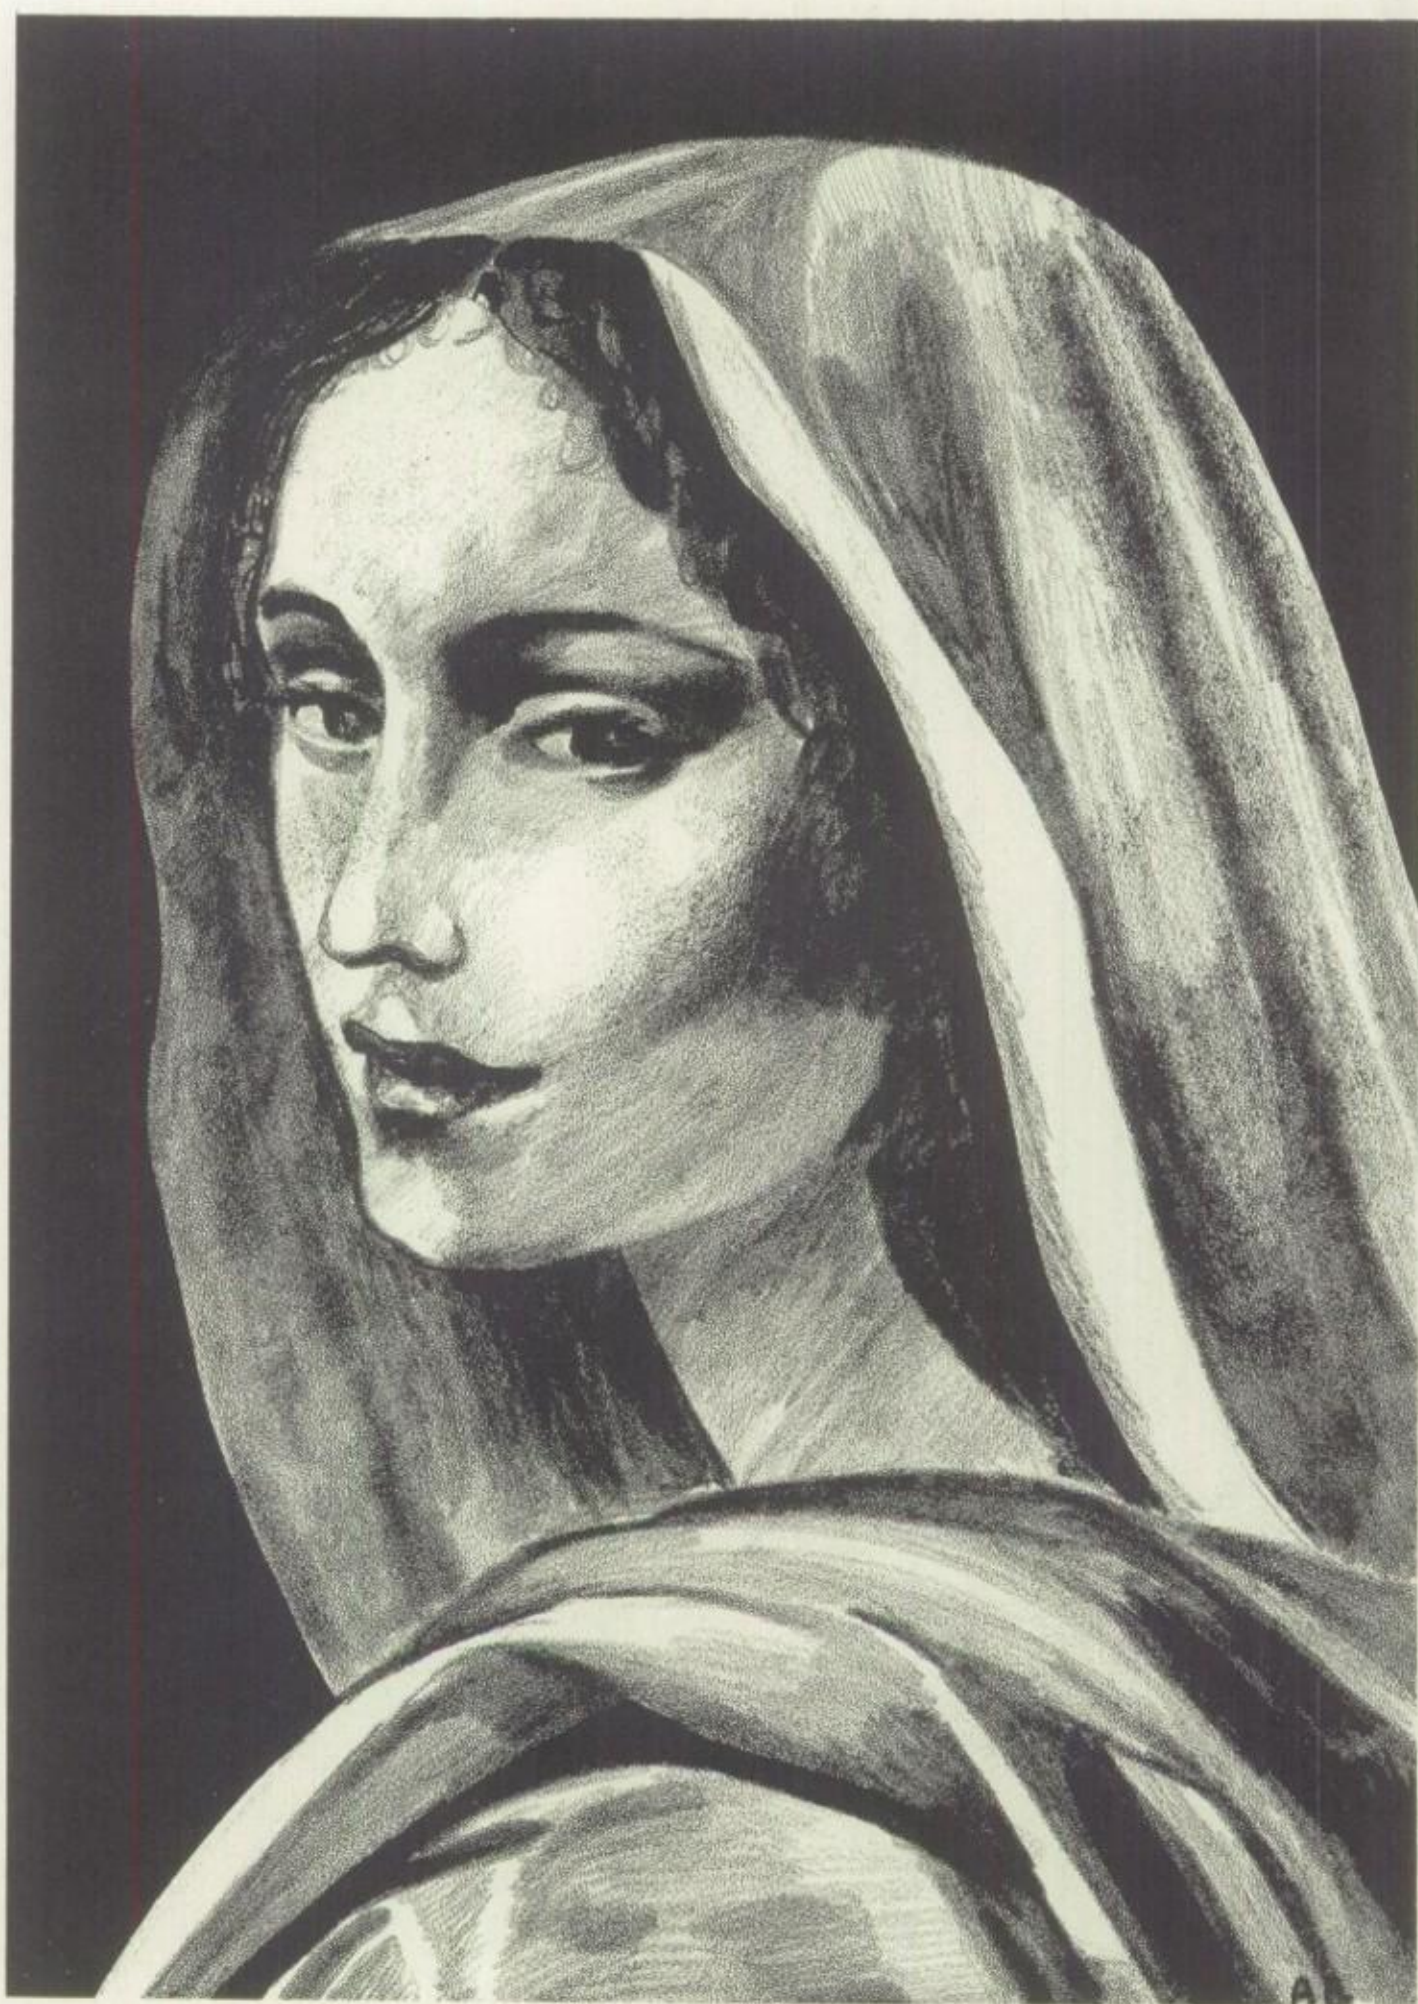

The sight our candid camera uncovers in the Alumnae Room is one which exemplifies the true spirit of this much desired study period. That spirit is embodied in the two rules for Study Hall which all Mary Louis girls know well: study and silence. It is easy to see that these injunctions are heeded, see how they ponder with not a word being uttered.

By means of intelligence, aptitude and preference tests the Vocational Guidance department helps the Senior to know herself and to know what she is capable of doing. In addition, discussions of various occupational fields, guest speakers and private interviews add the more particular knowledge which is an invaluable aid to those who are to make the all important decision of a life's work.

The emptying of classrooms, the banging of lockers, a crowded gymnasium, a busy foyer, a gate thrown wide, the youthful, smiling faces, a veritable sea of white berets, and the steep hill—such is the picture a camera in the late afternoon at Mary Louis would record.

Leaving the School— . . . "And the Saints go marching out" . . .

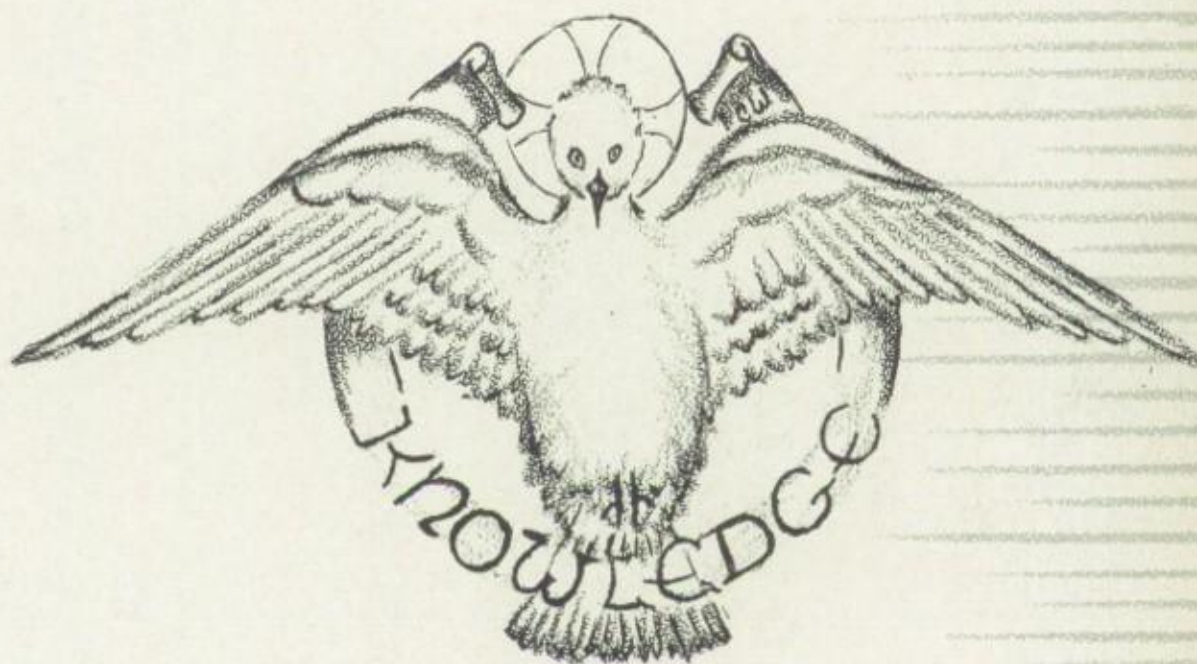

SPOUSE OF THE SPIRIT

CLASSES

In this unique year
We turn to Mary
Who, as Spouse of the Holy Spirit,
Has **His gift of Knowledge** in her keeping.
Surely she will supernaturalize
The knowledge we gain
From our studies in school and
From our experiences in life
So that it may
Add a few slender rays of light
To her "shining crown of glory."

OF KNOWLEDGE, PRAY FOR US.

Cum Laude

The Leo Honor Society has been established in all the Catholic high schools under the jurisdiction of the Diocesan Superintendent of Schools, Right Reverend Joseph V. S. McClancy. Among the many aims of the society the following are outstanding: to train Catholic leaders for school and after school living, to promote school spirit and to demonstrate to the non-Catholic public the high scholastic ability of our girls. Membership is open each term to representation of all students attaining an average of eighty-five percent who merit honor roll mention.

Included in the qualifications of membership are punctuality and regular school attendance, respect for school property, integrity in school conduct, respect for those in authority and participation in school activities.

In the second term and in each succeeding term, Marielites who reach these standards are inducted each year in a formal assembly and invested with a pin, the insignia of the Society, which must be worn at all times during the school day, and at all school functions.

All Leo Honor members are expected to assist the Faculty in every possible way. Their leadership and Christian morals are a tribute to their parents and reflect the outstanding character of Marielites. They form an integral part of Mary Louis because of their understanding, school spirit, practical Catholicity and their courtesy toward the faculty and student body.

SPOUSE OF THE SPIRIT

CTIVITIES

Through encouraged participation
In school activities
We have been taught
To use our God-given talents
In the best possible way.
That we might do this
As children of God
And not as self-sufficient individuals
We need from the Holy Spirit
His gift of Piety
Which teaches us
To look on God as a Father.

OF PIETY, PRAY FOR US.

"Better than the Minting of a Gold Crowned King..."

Comparing old yearbooks in order to make ours the best ever was the job of our Fall editors: B. Honl and A. Sohr.

Day by day, the work of putting this book together was done by the June editors: L. Pfohl, Art Editor, M. Burke, Literary Editor; and E. Stenger, Business Manager.

The Crusader Staff are members of the Senior Class who have been elected to this honor by their classmates. The staff in turn selects from among its members an Editor-in-chief, a Literary Editor, an Art Editor and a Business Manager. It is their task to put together, with the aid of the moderator, a book capturing the memories of four years at Mary Louis.

The first consideration was color but this was no great problem. This is the Marian year, hence blue for Our Lady was the logical choice. Then the plan of the book was decided upon, pictures were taken, the copy was written, the layouts were drawn and finally the material was ready for the printer. In the meantime, the Drive for the eight thousand dollars we needed was launched and successfully concluded. When the printer returned the copy and blue prints we proof-read and pasted until the last caption and period were in place.

Hours and hours of hard work have gone into the making of this book. As Stephen Vincent Benét says of America: WE MADE THIS THING—THIS DREAM. We hope you find it just that—a dream.

Order is Heaven's First Law

Formed with the intention of giving service to the school, the S.S.L. is now our second largest activity. Being composed of the entire Student Council plus elected class representatives, the S.S.L. is a representative body whose tasks are many. To keep order throughout the building, members have "posts" which they take between classes. As seen by our page of action pictures, the League also handles ushering for assemblies, late slip recording and filing. The S.S.L. is also called upon to usher at the many extra-curricular functions of the school.

It's all yours!—six pages bubbling over with on-the-spot news, timely features, walloping editorials, skillful artistry and pictures bursting with action. It's a student newspaper, **your** paper, **The Mariel**.

Guided by the scrutinizing journalistic eye of Sister Patricia, their moderator, thirty-five students assemble every Thursday afternoon to produce a publication well worth each minute of hard work expended. Planning, assigning, writing, copy-reading, typing, galley checking, cutting, pasting, bus jaunting to the printer's—these are the time-consuming acts that create a paper for you.

It's a tribute in black and white to you, the news-makers the **Mariel**-makers—the "you" in "It's all YOURS"!

It is the goal of each member of "Das Deutsches Kränzchen" to acquire a thorough knowledge and love of the culture and language of Germany.

Under the capable direction of our teacher and moderator, Madame Habberton, we carry on various activities, one of these being a monthly meeting to which a class period is devoted. A program including German music, art, history and literature is presented.

But most important of all our undertakings is the publication of our monthly newspaper, "Der Monat". This paper is written entirely in German and is made up of articles contributed by the Club members.

Still another of our activities is frequent attendance at operas performed by the City Center Opera Company.

Thus, you see that membership in T.M.L.A.'s German Club is altogether enjoyable and educational, and at the same time contributes much to the development of personality.

The main object of the Spanish Club is to acquaint ourselves with the language, customs and background of our Spanish and Latin American friends and neighbors. To this end we hold monthly meetings at which we discuss the music, art and literature of Spain and Spanish speaking countries. Sharing in the interesting experiences of our moderator, and supplementing her accounts by listening to records we succeed in making the Spanish Club meeting a very important as well as entertaining part of our language course.

Each girl in the class has her turn to make a cultural contribution such as a recitation, a book report or a display of pictures at least once during the term. Our elected president and vice president organize and outline the meetings, a task they do very well. To make a practical contribution to the club, once during the term the girls bring in food and clothing. These we send to a family in Spain. This, too, brings us closer to our neighbors.

To give French students a better and deeper appreciation of the culture of France is the aim of Le Cercle Saint Louis, our French Club. At our monthly meetings we delve into the folklore, music, art and literature of a great nation by having slides, records and reports. In order to perfect our French pronunciation we put the voice recording machine to good use. In doing research work on such important playwrights as Racine, Molière and Corneille, we have obtained a clearer understanding of French drama. Yes, the varied activities of our club promote a better understanding and appreciation of the customs and culture of France.

Music is Love in Search of a Word

The Orchestra, dedicated to St. Cecilia, is one of the busiest activities in the school. At every assembly and special event such as the Oratorical Contest, the Genesians' play and the graduation exercises, the Orchestra brings credit to the school. This year, Mary Louis can be especially proud of her musicians. The St. Cecilia's Day program, the Symposium, the Town Hall Concert and C.Y.O. contest gave evidence of the spirit of practice and determination of the members.

Daily practice, under the direction of the moderator, Sister Loretto Concepta, together with private music lessons, and the able direction of Mr. Consoli, brings out in each member the very best she possesses musically.

The Orchestra, however, means more than just hard work and hours of practice—the Orchestra means cooperation and friendliness. It fosters loyalty to our school and fidelity to our ideals—and thus contributes to our development as well rounded Catholic women.

THE GENESIANS

Although the Genesians have as their chief aim and objective the discovery and development of whatever dramatic talent awaits direction to and on the stage, they pride themselves in the fact that they can recognize the theater is not confined to acting. To indicate this broader understanding of the theatrical challenge, many of their members occupy themselves with the details of mounting productions; they plan, build and decorate the sets. Others handle the demand for effective lighting, meet the script specifications for sound, design costumes, or do the necessary make-up. At any rate, the contributions of the crew are never underestimated by the cast; the Genesians do not aim solely at good performances but likewise at good productions.

MISS KATHRYN McKEEVER
Our Coach

In this spirit of corporate effort, the group this season, under the guidance of Sister Catherine Josephine and the direction of Miss McKeever, the coach, staged "Career Angel" on December eleventh and twelfth and "Herself", written by Miss McKeever, on March fifteenth. The former was given at two public performances while the latter was presented during a school assembly in honor of Saint Patrick.

In the interim, the Genesians attended the play festival of the Catholic Theater Conference, witnessed two well-staged Henri Gheon plays at Fordham University, toured the facilities of WFUV, and saw the Blackfriar's production of "Praise of Folly".

We Sing in praise of...

As the strains of the "Ave Maria" reach our ears, we know another meeting of the Mary Louis Glee Club has terminated.

The club, under the able direction of Doctor Frank Rybka is dedicated to fostering a greater love for music through careful study and concentrated practice. However, these labors reap their reward with the presentation of the annual spring concert and the Christmas Assembly in school. Singing in the Immaculate Conception Monastery for Midnight Mass is

deemed an honor by the club. The Glee Club is also invited to sing at graduation, at the Saint Cecilia Day program and at the teas given by the Mothers' Auxiliary.

To honor the Marian Year in this club devoted to Mary, we learned a new Ave Maria and we dedicated our Spring Concert to her honor and praise.

Although T. M. L. A.'s "songbirds" possess versatility and love of music, their success would not be possible without the untiring efforts of Sister Margaret Clare, the club's moderator.

In their white Glee Club gowns for the annual Saint Cecilia Day Assembly, each member represents a different country dedicating itself to Mary. Center: M. Hanrahan. Left to Right: C. Quinn, K. The Magnets' Inspiration . . .

Each Tuesday afternoon at 3:15 P. M., a group of ambitious artists known to one and all as the Magnets of The Mary Louis Academy, meet in the Art room and, under the careful guidance of their moderator, Sister Saint Genevieve, discuss the art projects for the term.

Be it an entry for the annual Tablet contests or a poster announcing the forthcoming event, the Magnets are always, "ready, willing and able", to lend their talents to worthwhile projects. Their colorful posters crowd the halls and bulletin boards for others to admire and enjoy. At G.O. election time, for example T.M.L.A. is "buried under", with huge, gaily colored posters appealing to the artistic sense of the voter.

A boundless amount of energy and a flair for art plus countless hours of hard work make up the typical Magnet. A familiar cry among these girls is, "I have to make a poster this week", for the quota of each Magnet is set at eight posters a term.

The reward for these talented girls is two-fold: an inner satisfaction that comes from delighting others, and a feeling of pride in sporting a small gold palette with the name "Magnets", engraved upon it.

Using the statue of the Blessed Virgin as a model, the officers of the Magnets plan future posters. Vice President, Maxine Lahrmann; President, Rita Aigner, and Secretary, Mary Ann Dulsky.

Help the Missions! This is the fervent cry of many mission children calling for the aid and prayers of such organizations as T.M.L.A.'s Mission Club.

The club operates through committees, each of which handled their project with outstanding success this year. Catholic Magazines have found their way across the Continent to spread the light of Faith. With the aid of many hands, stamps were cut and religious bookmarks from discarded greeting cards were created. Such drives as the Mite Box and the Can Food Drive were generously supported by the girls. The results were tremendous.

Our work has been rewarded by the smiles lighting the faces of small children and the letters of gratitude abundantly received. Our Lady's call to prayer and sacrifice has been well heeded by the hard working members of this club.

The St. John's Debater makes a point on the 18-year-old vote.

And is answered by Pat Devlin.

Ever increasing in importance and popularity, is T.M.L.A.'s Debate Club. In the few years since its inception, it has come to be recognized as a formidable opponent by top competitors. Under Mr. Sheppard's tutelage, and Sister Immaculata's guidance, the girls' earnest efforts have resulted in an accumulation of many individual trophies and a first place school trophy for speech participation.

This year, the BIG DISCUSSION has been concerned with the pros and cons of direct, popular election of the President of the United States. Against us on this very important topic have been pitted Sacred Heart Academy, Dominican Commercial, St. Agnes, College Point, St. John's Prep, Chaminade, Cathedral and De La Salle.

March 20th saw the second C. F. L. Speech Tournament held in Mary Louis. Its theme, appropriately was "The Marian Year."

On the lighter side, our traditional Christmas Debate with St. John's concerned the transportation of Old Saint Nick. Then, in April, the very pertinent question of the eighteen-year-old vote was presented in assembly.

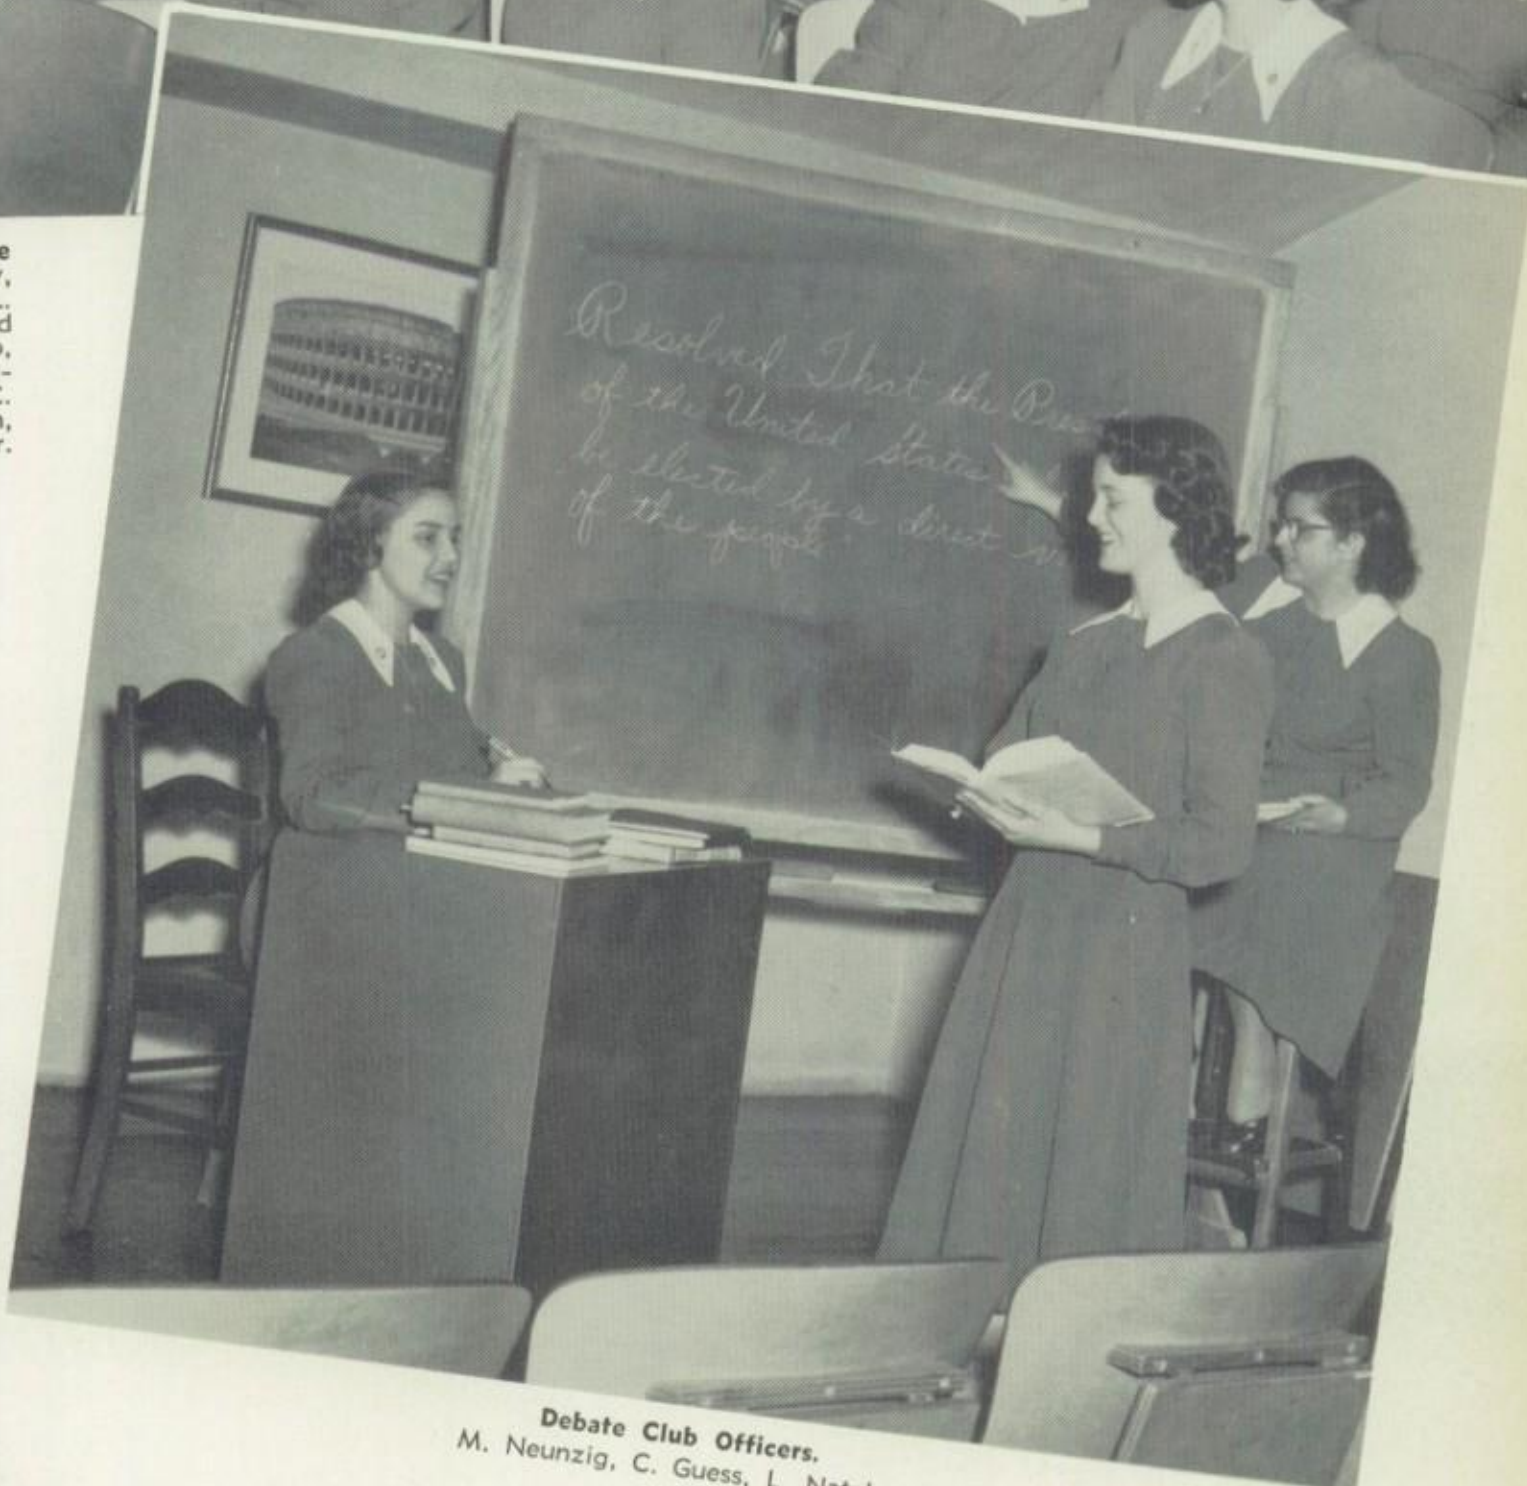

The girls have had a busy year, but their efforts have been worthwhile.

To establish cordial relations between the boys and girls of America and those of foreign nations is the primary aim of the Junior Red Cross. To achieve this aim each class last fall made up gift boxes of toys, school supplies, and small articles of clothing to be sent through the Red Cross to foreign schools. Also, the classes filled stockings with Christmas surprises for children in orphanages. The dolls for this project dressed by the girls and exhibited in the Alumnae Room were so attractive that a photograph of them appeared in the Long Island Press. It is through the kind guidance of our moderator Sister Margaret Dolores, that the members of the Junior Red Cross have these many accomplishments to their credit.

Let's Go, Mary Louis!

Let's Go!!!

As we bring down the final curtain on the 1953-54 season, we look back with happy memories and realize exactly what the A.A. means to us. It is the combination of team and supporters working together to make a better A.A.

The memory of long hours of practice seem to disappear as we see the fruits of our labor before us in the knowledge that win or lose, the team has the spirit to hold its head up high and say, "We did our best."

The A.A. is not organized for the basketball team and the cheerleaders alone but for each and every girl in the school. These girls participate by playing intramural basketball, helping at Sports Night or by just supporting the team by coming to all the games. "School Spirit" is the keynote of the Athletic Association. Not only a spirit for Athletics but for each and every activity in the school. We wish to kindle the spark of school spirit so that it will burst into flame and spread throughout the school.

Because intelligent Catholics should read newspapers which give the Catholic viewpoint, the students of The Mary Louis Academy go "over the top" every Friday in subscribing to and distributing our diocesan weekly. Each Tablet Representative had done a magnificent job this year in securing one hundred per cent cooperation from her classmates. Some moreover, have exceeded this by attaining as high as one hundred fifty one per cent in their official rooms.

To further stimulate Catholic reading, zealous members of the student body every Friday afternoon gather in Room 111 under Sister Maria Josephina's direction to wrap and mail these over subscribed copies to priests, sisters, soldiers and sailors in all parts of the world.

The Ladies' Auxiliary achieved a unity of purpose with the Fathers' Club through several combined ventures, among which was the successful Joint Card Party in November.

One of the first social events of the season was a Fashion Show held at the Academy. This annual event has always proved to be very enjoyable. At the Christmas Party given for the Faculty, the "Peanuts" from St. John's Home in Rockaway, entertained with their singing. In May, a Luncheon and Card Party was held at the Garden City Hotel, to raise funds for the St. Josephs' Scholarships. A Silver Tea given in June, in honor of the Faculty, marked the end of a very happy season for the Ladies' Auxiliary.

probity and fortitude.*

"FULGENS CORONA"

Under their guidance the Fathers' Club flourishes. Fathers' Club Officers, 1953-1954: Albert Teale, William Sheehan, James Carroll, Reverend Owen Doyle, C.P., John J. Giba, Gerald Paul.

The 1953-54 school year completed a decade of fine service rendered by the Fathers' Club of The Mary Louis Academy. At every evening function of the school, this organization of fond fathers can be seen giving its help and support wherever it is needed.

The season was marked by several joint efforts with the Ladies' Auxiliary. Together they sponsored a Card Party which was a huge success. In their joint meetings they had The Mary Louis Debaters, Father Bernadine Gorman, C.P., who gave an enlightening speech about Our Lady of Fatima, and a gay St. Patrick's Party and Dance. Their closed meetings were highlighted by Sister Mary Borgia who discussed the school curriculum, F.B.I. agent Anthony O'Donnell, a sports film, Captain Campion of the New York Police Pickpocket Squad, and Past Presidents' Nite. In February, the Fathers' Club sponsored a public lecture by Father Mernard Hubbard. The busy season was brought to a close by the ever-popular Father-Daughter Communion Breakfast, which, as usual, was a huge success.

The Fathers' Club donated one of the new wood carvings for the auditorium and also the Sister Lumena Memorial Award given for proficiency in Religion each year at Commencement.

Once again we welcome back Father Hubbard. Father Hubbard Lecture: John J. Giba, President of the Fathers' Club, Father Bernard Hubbard, S.J., and Andrew Morris, Chairman of Father Hubbard Lecture.

ADVERTISERS

Linking our advertising sections
With the **Spirit of Holy Fear**
Is an odd yet a fitting choice.
"The Fear of God is the beginning of Wisdom."
It was Fear and Wisdom combined
That prompted us to trust
This edition of our Crusader to
The Providence of God.
This confidence raised up for us
Many benefactors whose advertising
Has made our book a
Financial success.

OF HOLY FEAR, PRAY FOR US.

The Scranton Retreatants pledge their loyalty in a closing song.

"Glory and honor to every one"

C. Springer with a C.F.L. first place trophy in oratorical declamation and three in original oratory, and L. Natale with a third place trophy from C.F.L. Student Congress. Carol is winner also of Queens County contest in American Legion tryouts.

Installation of Fall Officers for G.O. and Sodality: J. Battaglia, T. Mullee, D. Murtaugh, A. VanGorder, E. Brennan.

Only one can win but the G.O. Rallies are certainly something for developing ingenuity and producing laughs.

Some January '54 Graduates having a wonderful time at Montreal: J. Battaglia, T. Adamson, A. Wenderoth, G. Cappola, M. Murphy, E. Livoti.

The smiling G.O. candidates and their managers for the Spring '54 term
Front Row: Candidates: I. Lorenzen, C. Springer, E. Algozer, A. VanGorder
V. Scholl and M. Povenelli. Back Row: Managers: A. Hero, J. McCrudden
V. Fraser, A. Griffin, L. Natale, M. Carney.

Mother Dear

Ex-emeritus, Kathleen Koch—Art Editor of Crusader 1951, is Editor-in-Chief of St. John's University College Yearbook for 1954. Mary Lou Barry, Mary Ellen Brown, and Dolores Conklin from Mary Louis '51 are also on the Editorial Staff. Kathleen's poster above won first prize and \$100 in St. John's Marian Year Poster Contest. Kathleen was president of the Magnets when she graduated from here.

These girls helped to make Mary Louis prominent at the CYO art contest. Top: J. Bogdanowski, R. Bak, M. Valentine. Front: K. White, A. Gibbons. Center: A. Griffin, first place in Marian Art division. Anne Griffin is the designer of the Madonnas on the dividing pages of the Crusader.

Here are some of the victims of the semi-annual Frosh Initiation at Mary Louis.

Campaigners waltz at Conventional Ball during May campaigns.

These are the candidates for the Spring Term: Front Row: Candidates: M. Taylor, V. Scholl, C. Springer, M. Povenelli, M. Ryan. Back Row: Managers: M. Bruck, A. Stenz, J. Natale, M. McCrudden, M. Carney, C. Wagner.

Happy workers served the Senior's Graduation Breakfast.

None Named Thee

R. Hoermann, a piano soloist, entertained us at a pleasant Monday assembly.

Miss Mary Lyons, coloratura soprano, thrilled the student body with her beautiful voice.

Rev. Francis Tomai, S.M.M. gave the school an inspiring talk on the Marian Year.

Mr. J. Doyle, the Herald Tribune representative, at an assembly lectured on Journalism and its advantages as a career.

They know their religion. The First General Prize in the Girls Division of the semi-annual Diocesan Religion Contest was won by Judy Banzer and First Prize in the Eighth Term by Joa Battaglia.

The school finalists in the Bishop's Oratorical Speech Contest: *Sitting:* C. Deegan, A. Englert, runner-up, C. Guess winner, M. Fullam. *Standing:* S. McGovern, E. O'Brien, L. Farrell, M. Pesce.

Some energetic Sodality Workers put up the Christmas decorations which adorn the upper foyer.

ut to Praise Thee.

C. Rocconova received first prize in the C.Y.O. Poster Contest. J. Siebel, 7th term won honor in the Queens County Division in the Tablet Poster Contest. Constance drew the "spots" that carry the theme through our book.

E. Reiman and C. Guess won third place trophy in C.F.L. contest in the girls' dramatic presentation.

M. Taylor winner of the first prize in the Merchant Marine Essay Contest and second prize in the Veterans of Foreign Wars Essay contest.

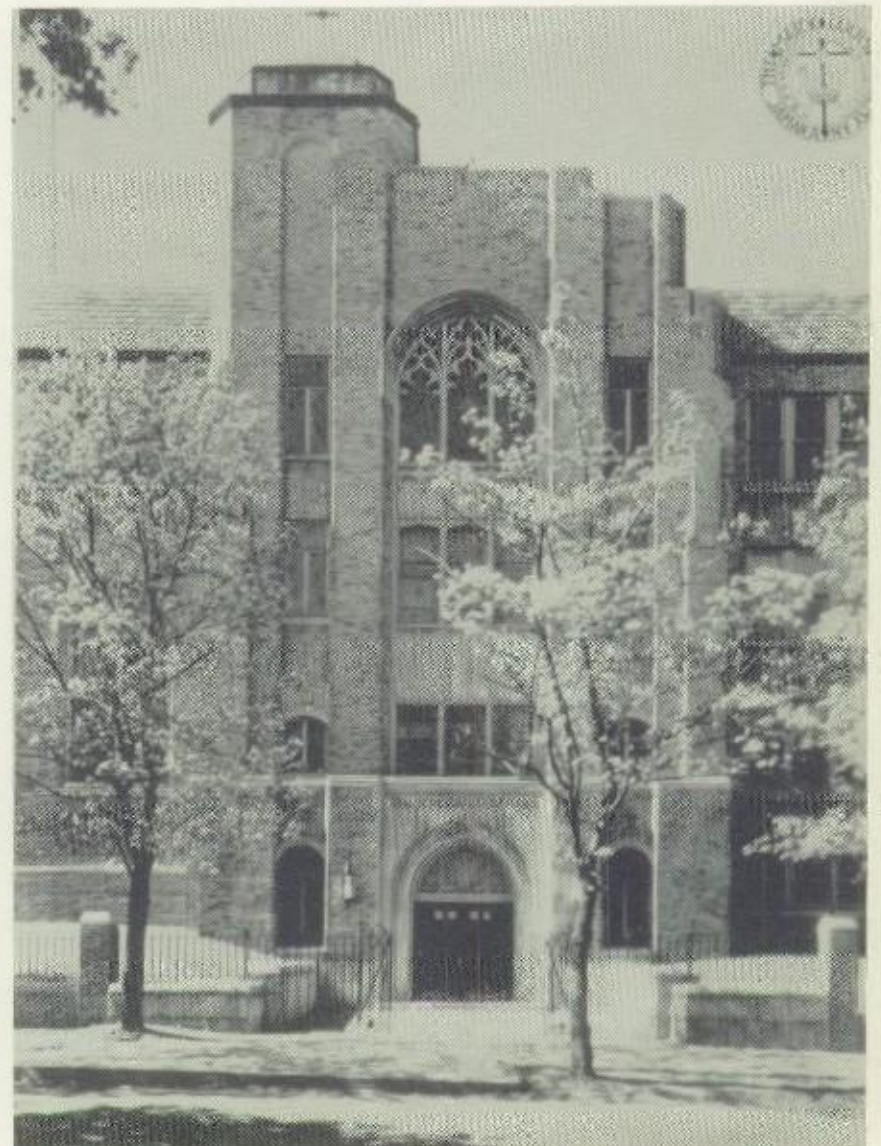

Ann Griffin received a \$50 bond for first prize in The Sons of Revolution Essay Contest and a \$25 bond in The Merchant Marine Essay Competition.

Mr. Frank Ball is the inspiration and haven of refuge for the Staff and Moderator of the 1954 Yearbook . . . and his able assistant, Mr. E. J. Adomilli.

Sodality workers with Sister Muriel Angela plan the retreat.

No yearbook is complete without a picture of the school—This is Mary Louis—our beloved ALMA MATER.

Thank You

**"Gratitude is the fairest blossom that springs from the soul.
The heart of man knows none more fragrant."**

We think it was Cicero who wrote these words. Anyway, they mutely speak to us from the bulletin board in one of our senior home rooms and they express perfectly our sentiments at this time.

We **are** grateful . . .

. . . grateful to the Class of 1954 for its backing of our yearbook projects

. . . grateful to our student body for its magnificent financial aid

. . . grateful to our chief photographer, Mr. Michael Gorodess, for a multitude of pictures

. . . grateful to the Aleon Studio for our senior portraits and to Mr. Schroeder for some fine shots

. . . grateful to the Molloy Cover Company for our blue covers

. . . grateful to each member of the staff of the New City Printing Company and to Mr. Frank Ball and E. J. Adomilli in particular.

We are grateful to our parents, to all the members of the faculty . . . to the maintenance staff of the Academy and to everyone who has made the record written in this 1954 Crusader a treasured memory for us.

The 1954 Staff

To Kathleen,
We're seniors
at last! Let's be
friends forever!
Good luck
Love,
Carol C.
